Description

99.1

Press Release titled "Celsion Corporation Regains Compliance with NASDAQ Listing Requirements" issued by Celsion Corporation on June 14, 2017.

Celsion Corporation Regains Compliance with NASDAQ Listing Requirements

LAWRENCEVILLE, N.J., June 14, 2017 -- Celsion Corporation (NASDAQ: CLSN), an oncology drug development company, today announced that it received notice from The NASDAQ Stock Market LLC (NASDAQ) on June 13, 2017 indicating that the Company has regained compliance with the minimum bid price requirement under NASDAQ Listing Rule 5550(a)(2) for continued listing on The NASDAQ Capital Market. Accordingly, Celsion is in compliance with all applicable listing standards and its common stock will continue to be listed on The NASDAQ Capital Market and NASDAQ considers the matter closed.

Celsion had previously been notified by NASDAQ on December 15, 2016 that it was not in compliance with the minimum bid price rule because its common stock failed to meet the closing bid price of \$1.00 or more for 30 consecutive business days. In order to regain compliance with the Rule, the Company was required to maintain a minimum closing bid price of \$1.00 or more for at least 10 consecutive trading days. This requirement was met on June 12, 2017, the tenth consecutive trading day when the closing bid price of the Company's common stock was over \$1.00.

About Celsion Corporation

Celsion is a fully-integrated oncology company focused on developing a portfolio of innovative cancer treatments, including directed chemotherapies, immunotherapies and RNA- or DNA-based therapies. The Company's lead program is ThermoDox®, a proprietary heat-activated liposomal encapsulation of doxorubicin, currently in Phase III development for the treatment of primary liver cancer and in Phase II development for the treatment of recurrent chest wall breast cancer. The pipeline also includes GEN-1, a DNA-based immunotherapy for the localized treatment of ovarian and brain cancers. Celsion has two platform technologies for the development of novel nucleic acid-based immunotherapies and other anti-cancer DNA or RNA therapies. For more information on Celsion, visit our website: <http://www.celsion.com>.

Celsion wishes to inform readers that forward-looking statements in this release are made pursuant to the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. Readers are cautioned that such forward-looking statements involve risks and uncertainties including, without limitation, unforeseen changes in the course of research and development activities and in clinical trials; the uncertainties of and difficulties in analyzing interim clinical data, particularly in small subgroups that are not statistically significant; FDA and regulatory uncertainties and risks; the significant expense, time, and risk of failure of conducting clinical trials; the need for Celsion to evaluate its future development plans; possible acquisitions or licenses of other technologies, assets or businesses; possible actions by customers, suppliers, competitors, regulatory authorities; and other risks detailed from time to time in the Celsion's periodic reports and prospectuses filed with the Securities and Exchange Commission. Celsion assumes no obligation to update or supplement forward-looking statements that become untrue because of subsequent events, new information or otherwise.
